

# ***THE ECONOMY IS RIGGED AGAINST YOUNG PEOPLE...***

Student debt

Unaffordable housing

Environmental crisis

# ***...SO YOUNG PEOPLE ARE BUILDING A NEW ECONOMY***

At the root of our debt, housing and environmental crises is a money and banking system which works for the privileged few.

But it doesn't have to be this way.

Positive Money campaigns for a money and banking system that enables a fair, sustainable and democratic economy that works for everyone

# SHAKE THE MAGIC MONEY TREE

(Yes, there is one)

Politicians tell you “there’s no magic money tree” ,whilst continuing to cut public services and financial support for students. But at the same time, since 2010 the Bank of England has created £445bn to pour into financial markets , which has made the 1% richer by an estimated £1m each. This is called quantitative easing, or QE , and it’s a real-life magic money tree.

**QE FOR PEOPLE COULD BE USED TO WIPE OUT HISTORIC STUDENT DEBT  
AND FUND FREE EDUCATION FOR CURRENT & FUTURE STUDENTS**

**WE THINK MONEY SHOULD BE CREATED  
TO BENEFIT PEOPLE, NOT FINANCIAL MARKETS**

## **DEMAND QE FOR PEOPLE**

Sound good? Join a growing movement of students, economists, activists, politicians, journalists, dreamers and realists – all fighting for a fairer, greener, safer economy.
