

## Positive Money Non-Executive Director

Positive Money is a small, but fast-growing organisation that combines the activities of a think-tank, pressure group, and international movement. Our mission is to make money work for society by campaigning for a fair, democratic, and sustainable money system. This issue has implications for many of the social and economic problems we face today yet remains poorly understood and insufficiently covered in public debate.

Exciting recent successes for Positive Money include:

- Hosting an event in the European Parliament launching a campaign on Quantitative Easing for People
- The development of an international network, The International Movement for Money Reform, which includes over 20 organisations that we are helping to establish and grow
- A fast growing national network which comprises over 30 local supporter groups who are organising in their area on this issue
- An online following which has recently grown to over 60,000

Our directors are vital to supporting the development of the organisation as it grows.

We are seeking 2 Non-Executive Directors to join us on a voluntary basis. We are looking for a Company Secretary with HR knowledge and a Director with skills in Equality and Diversity.

### Fulfilling the role
